A grass cloth wrapped tube extends through the center of the clear glass shade, adding textural interest. Finished in Patina Brass, the thick metal hardware introduces an industrial edge.

AUGUST

Drawing on both modern and classical vocabularies, the August family pairs thin linear design lines with soft rounded forms. The directional metalwork introduces a layered geometry that guides the eye to distinctive dished glass orbs. The drama lies in the details, from the brass ombre-plated glass to the vertically fluted stem.

Drawing inspiration from the dynamic energy of mid-century modernism, Ellory's specialty glass updates a timeless Sputnik silhouette. The expressive composition features a cluster of light bronze glass shades that burst from a Patina Brass frame. Smaller ornamental metal spheres add pizzazz to the maximalist array.

HARVEY

The Harvey chandelier's dangling arms and artistic ombre glass are both Calderesque and faintly organic. Softly pill-shaped Dark Bronze glass shades drip from racetrack-shaped links on the sparse, arcing metal framework. The subtle industrial details provide a striking contrast to the otherwise playful silhouette.

CRAFTED WITH PURPOSE

Echoing the essence of Designed for Living—
this edit embraces poetic imperfection through hand-
forged forms and a rustic-luxe aesthetic, crafting
a collection that feels warm and tactile.

Summer 2025 Collection

The Pacific family responds to the need for uncomplicated, yet sculptural, chandeliers in contemporary interiors. A handcrafted Warm Silver Leaf finish adds texture to the geometric shapes, architectural arches, and decorative bobeches, while the etched matte glass shades provide a soft diffusion of light.

MAILO

Inspired by vintage furniture, the Mailo family's complex woodworking techniques and exposed hardware put its construction at the center of the design. The white oak frame is complemented by Patina Brass accents. The one-light sconce swings from the backplate, making it an ideal bedside light that can be easily adjusted.
