ALTURAS

Channeling the spirit of vintage Stilnovo designs, the Alturas chandelier transforms industrial geometry into an artful sensation. A constellation of Soft Sand bowl shades surrounds glowing G25 bulbs as they orbit a Patina Brass ring. The clean symmetry provides a striking focal point for living spaces or entryways.

A modernist ring chandelier, the 'Diego' model, is shown against a light grey background. It features a central horizontal brass rod from which four glass shades are suspended. Each shade is a shallow, dish-shaped bowl of clear, textured glass with a slightly irregular, hand-blown appearance. The shades are arranged in a row, and each contains a small, exposed incandescent bulb. The brass frame is finished with a patina gold leaf, giving it a warm, aged look. The lighting is soft and even, highlighting the textures of the glass and the metallic sheen of the brass.

DIEGO

A modernist twist on a ring chandelier, Diego focuses on the beauty of artisanal glasswork. The composition features a concentric array of light bronze patina glass shades around a Patina Gold Leaf frame. Each dish-shaped shade forms a halo around a purposely petite exposed bulb.

The Softer Side of Utility

GROUND SANCTUARY

A grounded expression of utility, this edit reveals a warm and deeply comforting aesthetic through natural fibers and ceramics.

Winter 2026 Collection

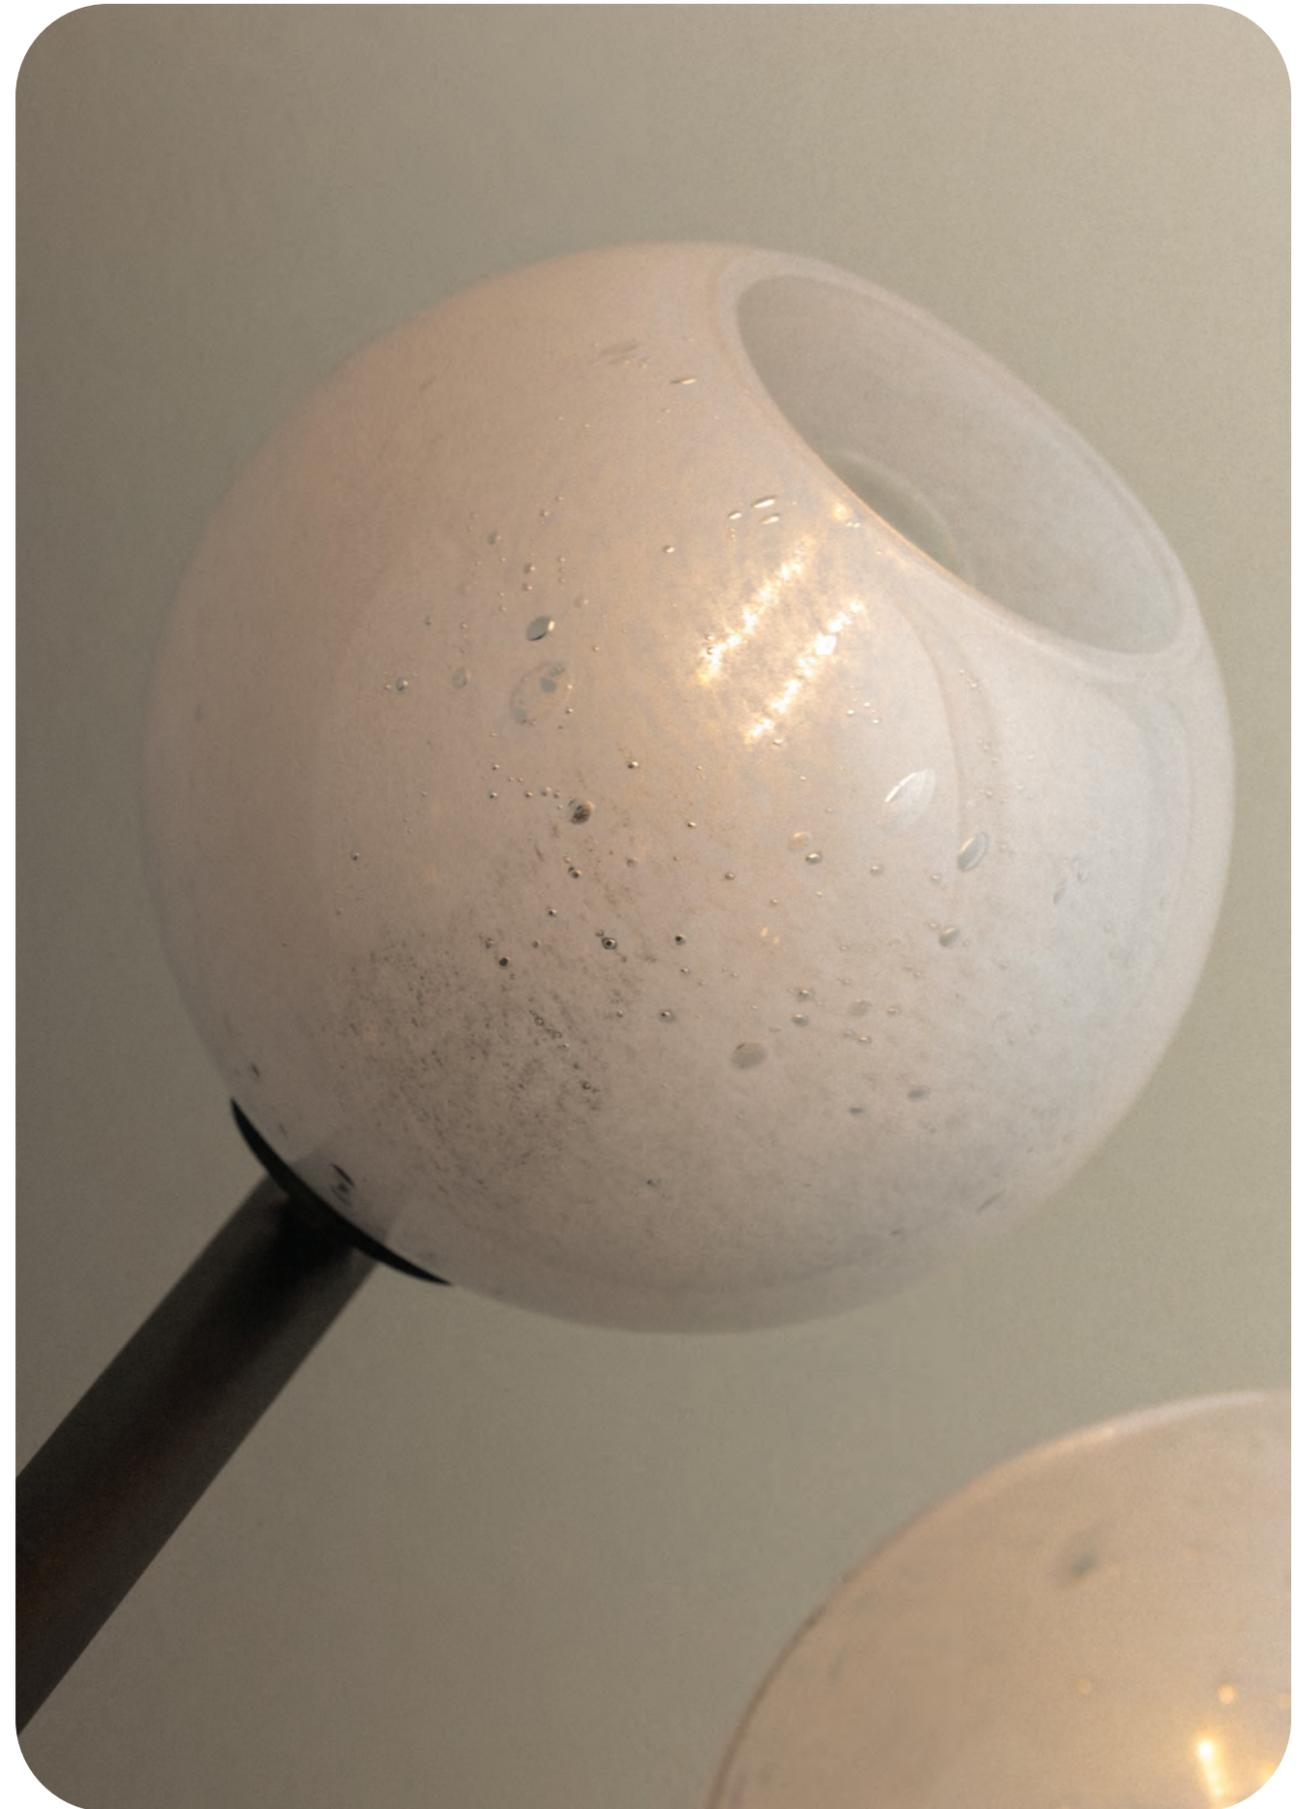

SONNY

Sonny takes inspiration from a mid-century sputnik chandelier, reimagined with an organic, staggered rhythm. Finished in Bronze Leaf, slender arms extend outward, culminating in a softly glowing cloud seeded glass globe. The seemingly randomized arrangement creates a dynamic, almost celestial composition.
