LIGHTING GROUP

Elevating Every Space

At Hudson Valley Lighting Group, we are more than a source for lighting—we are a partner in creativity. With the most comprehensive selection in the industry, we empower interior designers, specifiers, and architects to bring their boldest visions to life and craft spaces as unique as the people who live and work in them. Our designer-first approach transforms the specifying and purchasing journey into an inspiring, seamless experience—one that sparks imagination and makes every detail feel effortless.

We believe that great lighting doesn't just brighten a space; it transforms it. It elevates the everyday, enriches the way people live, and creates moments that matter. This guiding philosophy is what connects and defines our family of brands.
